

UASI CBRNE Equipment and NIMS/NRF 2008

4/6/2009 - 6/5/2009

| Grant Applicant | Project Title | County | \$ Federal | Project Description |
|---------------------------------------|--|-----------|------------|---|
| Milwaukee Fire Department | UASI Compressed Air Support Vehicle | Milwaukee | \$240,000 | This grant will provide funding for a Compressed Air Supply Vehicle. The vehicle will be used to respond to CBRNE and all-hazard incidents. All-hazards incidents include multi-discipline events which require SCBA and / or dive (water based) air cylinders to be utilized. |
| Milwaukee Fire Department | 09 CBRNE: Rescue equipment | Milwaukee | \$200,000 | This award will allow the purchase of a variety of hand and power tools, technical rescue equipment and other items to equip the heavy rescue unit. This equipment will be used at incidents involving collapsed buildings, confined space rescues as well as motor vehicle extrications. |
| Milwaukee Police Department | VBIED Training | Milwaukee | \$85,000 | This grant will fund an assortment of training opportunities for the Milwaukee Police Department Hazardous Devices Unit including bomb technician training in basic and advanced vehicle-borne improvised explosive device response. |
| Milwaukee County Emergency Management | CBRNE Equip. Enhancements - EOD, MABAS, Fit Tester | Milwaukee | \$209,602 | This grant will be used to purchase Explosive Ordinance Device Team Equipment, MABAS WI Support Equipment and a Respiratory Fit Tester Kit. |
| Ozaukee County Emergency Management | Respiratory Fit Testing Equipment and Supplies | Ozaukee | \$14,802 | This grant will be used to purchase respiratory fit testing equipment (PortaCount Plus Respirator Fit Tester and N-95 Companion). This unit will be used to perform annual facepiece fit testing of first responders from multiple agencies. |
| Ozaukee County Emergency Management | UASI 2008 Command Post | Ozaukee | \$270,000 | This grant will fund the purchase of a command post by Ozaukee County. The vehicle will respond to terrorism and all-hazard events and will be used by all fire and law agencies in the county. |
| Mount Pleasant Fire Department | Respiratory Fit Testing Equipment and Supplies | Racine | \$14,802 | This grant will provide for the purchase of respiratory fit-testing equipment (PortaCount Plus Respirator Fit Tester and N-95 Companion). This unit will be used to perform annual facepiece fit testing of first responders from multiple agencies. |

| Grant Applicant | Project Title | County | \$ Federal | Project Description |
|--|--|------------|--------------------|--|
| Racine Fire Department | CBRNE Chemical Detection Meter | Racine | \$43,612 | This grant will be used to purchase a Rapid Deployment Kit (RDK) AreaRAE Detection System with GPS and Gamma Radiation Detection. This unit is used for quick assessment and management of gaseous threats during CBRNE and HazMat incidents. It will be used by the Racine Fire Department SE Wisconsin State Regional HazMat Team and will be available for deployment throughout the Milwaukee UASI area. |
| Washington County Emergency Management | Urban Area Security Initiative CBRNE, NIMS and NRF | Washington | \$194,802 | Washington County will purchase a Respiratory Fit Tester and apply for PARTIAL funding for a Mobile Command Post. This will improve regional and statewide emergency response capabilities by supporting the priorities identified by the Milwaukee Urban Area Security Initiative in the UASI FY 2008 Spending Plan. |
| Waukesha County Emergency Management | Respiratory Fit Testing Equipment and Supplies | Waukesha | \$14,804 | This grant will fund the purchase of respiratory fit testing equipment (PortaCounty Plus Respirator Fit Tester and N-95 Companion). This unit will be used to perform annual facepiece fit testing of first responders from multiple agencies. |
| Waukesha County Emergency Management | EOC Upgrades | Waukesha | \$12,500 | This grant will fund upgrades to Emergency Operations Center (EOC) equipment. This will enhance the County's capability and capacity to respond to terrorism / all-hazard events through a coordinated EOC function. |
| Total Awards | | | \$1,299,924 | |
